2023 Moonlight Meander & MMSC Memorial Trial

Further Regulations

From the Directing Team:

Thank you for your entry in the 2023 Moonlight Meander or the MMSC Memorial Trial this year.

In putting this together we have had to acknowledge and take time to remember those we are now without. In the past year we have sadly seen the passing of some long time impactful members of the club.

Rob Devenish; long time rally comrade and friend of many in the club and wider motorsport community. Rob competed in his always beautifully prepared Datsun Zeds across the state and country and was an impressive driver on both the bitumen and in the dirt. Robs Zed will lead the event out as the 0 car for the event driven by son Dan Devenish who is continuing on the legacy.

Ian Yard; an always helpful club volunteer also sadly passed and will be missed by all who knew him.

Ken Gratton; One of our club founders and ever passionate competitor who flew the flag in a number of disciplines. For many years some may remember Ken and navigator Noel Cutler blasting through the forest in a Mk1 Ford Cortina.

We like to imagine Rob, Ian and Ken are joined by our other lost clubmates Dan Murphy and Bob Bryce in the beyond and are enjoying a good yarn and watching on from their eternal spectator point.

I sincerely hope that you enjoy this year's event as the roads that we have selected are some of our favourites in this part of the Wombat Forest.

Jarryd Sweeney
Clerk of Course

1. Amendments to Supplementary Regulations

1.1. Amending 5.1
